Harvard-Vickery.

married in this city Monday after-

Mr. L. S. Harvard and Mrs. Su-

Vickery, at the home of the

mother, Mrs. Griffin. The cer-

emony was performed by Rev. J. F.

pastor of the Presbyterian

church. The wedding was a very quiet

affair, only a few relatives of the con-

gratulations being present. After

the ceremony the happy couple left on

an afternoon train for Jacksonville

on a trip down the East Coast. They

are expected back to-day and will for the present be at home at the Ohio house.

Mr. Harvard is one of Live Oak's prominent business men. He is proprietor of the Ladies' Emporium and has other business interests and is an affable, high-toned gentleman. The bride is a most estimable lady admired for her many womanly graces and amiable qualities.

The Democrat joins the many friends of Mr. and Mrs. Harvard in wishing them a happy married life.

Big Clearance Sale.

S. J. White, the well known shoe and clothing merchant of this city, will put on a big clearance sale beginning January 18. Prices for this sale have been cut to the lowest notch—prices that will bring great crowds to the store—prices that cannot fail to move the stock. Buyers are always eager for an opportunity to purchase staple goods at a bargain, and at this sale they will be given that opportunity. Mr. White carries a big stock of the very best brands of goods in his line and it is seldom one has the chance to buy such high class goods at prices quoted in this advertisement published elsewhere in to-day's Democrat. Be sure and read it.

New Live Oak Business Concern.

The Southern Lumber Company is the name of a new corporation organized in this city, with Geo. E. Porter, Jr., as president and manager. This company will buy and sell rough and dressed lumber, novelty supplies and any and everything in lumber.

Mr. Porter, the manager, is one of this city's most prominent young business men. He is probably as well posted in the lumber business as any man in the State, and his connection with the mills and novelty works enables him to make low prices, prompt delivery and satisfactory terms on all orders placed with his company.

IT'S BAD WEATHER FOR BAD PAINT

There are paints so bad as \$1.00 a gallon. We haven't any so bad as that; there is no good reason for making any so bad as that; there is no good reason for making bad paint at all.

Devco costs less than those paints; it is strange indeed that anyone sells those paints; it is stranger yet that anyone buys them.

They take more gallons—cost more money—and don't wear as long. Devco is your Paint.
